
Student Non-Academic Misconduct Policy

1. Overview

St. Mary's University is a diverse community, open to all and grounded in the Catholic Intellectual Tradition. It upholds Academic Freedom and the free expression of ideas, opinions and arguments in a setting aimed towards the development of the whole person for engaged and thoughtful citizenship. At St. Mary's University, student-citizenship is expressed by participation in institutional life in its varied forms. These include both academic and non-academic fora. In each of these, students have rights and privileges accorded them by virtue of their community membership as well as responsibilities to ensure the equitable and just participation of all St. Mary's students in every aspect of university life. While academic conduct is addressed in other university documents (University Calendar, Academic Misconduct Policy), this policy articulates the codes of conduct not strictly limited to academic performance.

2. Purpose

2.1 This policy explains St. Mary's University's expectations for Student Non-Academic Conduct, so that all Students can understand their rights, privileges and responsibilities, make informed decisions about their behaviour, and be accountable for those decisions in a fair manner and to a fair outcome. Non-Academic Misconduct infringes upon the efforts and achievements of other students, detracts from the University's ability to provide a safe and welcoming environment in which to learn and work, and undermines its reputation. Suspected Non-Academic Misconduct shall be investigated and resolved by the University, which may include Disciplinary Action in accordance with this policy and the associated procedures. This Policy defines the principal non-academic offences and procedures for their investigation, any potential discipline related thereto, and its restorative process of justice.

3. Scope

- 3.1 This policy applies exclusively to the Non-Academic Conduct of all Students. It does not apply to matters of Academic Integrity, which are covered by the Student Academic Misconduct Policy. All Members of the St. Mary's University Community share responsibility for complying with and enforcing Non-Academic Conduct on campus and as described in item 3.2.
- 3.2 Students formally representing St. Mary's off-campus, participating on Travel Study, academic exchange or study abroad programs; participating in an internship, Community Service Learning placement or practicum; and/or at a University-sanctioned event may be subject to discipline under this Non-Academic Misconduct Policy for behaviour or incidents while representing the University or at such University sanctioned events.
- 3.3 This Policy does not apply directly to non-academic offenses defined under the Sexual Violence and Campus Integrity and Human Rights Policies.

4. Procedure Elements

4.1 Reporting Non-Academic Misconduct

- 4.1.1 Any Member of the University community may make a Complaint after experiencing, witnessing or otherwise becoming aware of an alleged incident of Non-Academic Misconduct. Complaints may be reported in person, in writing, by telephone or through the University's Confidence Line to the following individuals or offices:
- 4.1.1.1 Facilities, Safety and Security (for cases requiring immediate response, outside of normal business hours, or when harm or the threat of harm to others or property damage exists);
 - 4.1.1.2 Student Affairs;
 - 4.1.1.3 Instructors, Chairs, or Deans;
 - 4.1.1.4 Dir. of Student Affairs (for cases involving allegations of sexual violence).
- 4.1.2 All Complaints must be provided by the parties who have received them within ten (10) Working Days to the Dir. of Student Affairs, who will determine whether the Complaint can be resolved through Early Resolution or whether an Investigation is required.
- 4.1.3 On receiving a Complaint, the Dir. of Student Affairs will coordinate resources such as Wellness and Psychological Services to support those persons affected by the alleged Non-Academic Misconduct, including Complainants, Respondents and other Members of the university Community.
- 4.1.4 A Complaint made to the University is not the same as reporting the incident to another agency, such as the police. A Complainant may also choose to file a concurrent report with another agency. If criminal charges are filed, the University will cooperate with law enforcement as appropriate.

4.2 Early Resolution

- 4.2.1 The Dir. of Student Affairs will determine the seriousness of the Complaint and whether it can be resolved through discussion with the Respondent. If the Complaint is resolved in a meeting between the Respondent and the Dir. of Student Affairs and no further action is required, a record of the discussion will be placed in the student's confidential file in the Office of Student Affairs and the Office of the Registrar.

4.3 Investigating Complaints

- 4.3.1 Upon receiving a Complaint, the Dir. of Student Affairs will oversee an Investigation along and in consultation with the Dean/s into the Complaint, unless the Complaint:
- 4.3.1.1 is deemed to be resolvable through Early Resolution;
 - 4.3.1.2 is required to be investigated under a University policy or procedure which addresses the specific conduct (e.g. the Responding to Sexual Violence Procedure);
 - 4.3.1.3 is made in bad faith or is intentionally misleading;
 - 4.3.1.4 is frivolous or vexatious;
 - 4.3.1.5 does not provide sufficient information to permit an Investigation.

- 4.3.2 The Dir. of Student Affairs will follow all appropriate University guidelines related to completing the Investigation.
- 4.3.3 The University may impose Interim Measures to support fair and timely Investigations, and/or to ensure security for Members of the University Community. These may include restriction of access or removal from an event or class, as deemed appropriate and reasonable by the Dir. of Student Affairs along and in consultation with the academic departments or any other department involved in the Complaint.
- 4.3.4 After investigating the Complaint, the Dir. of Student Affairs will provide a written report to the Dean/s.
- 4.3.5 The Respondent will be given an opportunity to meet with the Dir. Of Student Affairs to be made aware of the findings of the Investigation and to provide any additional information. In advance of the meeting, the Respondent will be given information regarding supports such as the Student Legislative Council (SLC). The Respondent will also be assigned a support person which normally may be a senior staff member to provide support to the Respondent throughout the Complaint and Resolution processes, including any Appeal procedures. In case of a Respondent who self-identifies as indigenous, the Director of Indigenous Initiatives will be assigned to the Respondent as the support person.

4.4 Exceptional Circumstances

- 4.4.1 **Multiple Complainants**

Where more than one Complainant files a written Complaint against the same Respondent, the complaints may be examined during the same investigation. Where the complaints are strikingly similar, before similar fact evidence is adopted, the Dir. of Student Affairs must assess the credibility of the complainants to ensure that they have not collaborated to concoct false evidence. In addition, each written complaint shall be individually determined on the evidence without regard to the number of complainants.
- 4.4.2 **Multiple Respondents**

A separate written Complaint shall be submitted for each respondent in cases where it is alleged that two or more Respondents engage in Non-Academic Misconduct together. In these cases, the complaints may be examined during the same investigation, but shall be individually determined on the evidence.
- 4.4.3 **Complaints made in Bad Faith and Retaliation**

Allegations that a Complaint has been made in bad faith, or that retaliation has occurred, may be investigated during the formal investigation of a Complaint. Any evidence in support of these allegations shall be included in the written decision. This information shall also be included in the Report of Findings prepared by the Dir. Student Affairs.

4.5 Restorative Resolution

- 4.5.1 After reviewing a report of an Investigation into Non-Academic Misconduct, either from the Dir. of Student Affairs or arising through another University policy or procedure, the Dir. of Student Affairs will determine whether Restorative Resolution might be an appropriate method for resolving the Complaint.
- 4.5.2 The following conditions must be met before Restorative Resolution can proceed:
 - 4.5.2.1 Both the party (or parties) harmed and the Respondent must voluntarily agree to the approach; and
 - 4.5.2.2 The Dir. of Student Affairs must be satisfied that proceeding will not risk further harm to the Complainant or other Members of the University community.
- 4.5.3 If Restorative Resolution is unsuccessful, whether through the failure to reach an agreement or non-compliance with the terms of an agreement, Disciplinary Action may be imposed.
- 4.5.4 A record of the agreement reached through the Restorative Resolution process, including conditions and follow-up measures, will be retained in the Office of Student Affairs and the Registrar for a period of seven (7) years after the last action taken on the file.

4.6 Disciplinary Action

- 4.6.1 If a case is not resolved by Restorative Resolution, the Dir. of Student Affairs will render a decision regarding Disciplinary Action along and in consultation with the Dean/s and the Registrar. When making this decision, the Dir. of Student Affairs will consider the Respondent's disciplinary history and the seriousness of the Non-Academic Misconduct, as well as the Respondent's academic record, including any violations of the Academic Misconduct policy, as background for the determination. The degree of Disciplinary Action should be commensurate with the seriousness of the Misconduct. Repeated acts of Misconduct will entail increasingly severe penalties.
- 4.6.2 Upon a finding of a breach of the Non-Academic Misconduct Policy, the Dir. of Student Affairs, Appeal Panel or Appeal Board may impose one or more of the following penalties:
 - a) Written warning;
 - b) Written reprimand;
 - c) Discretionary Sanction – work assignments, educational assignment, restorative measures, service to the University or other discretionary assignments that are considered appropriate by the Dir. Student Affairs, Appeal Panel or Appeal Board;

- h) Loss of privileges – denial of specified privileges for a designated period of time;
- i) Withdrawal from one or more courses;
- j) Restrictions on participating in a University club or organization or in certain activities of a University club or organization;
- k) Suspension – suspension of the Student from the University for a specified period of time, after which the Student is eligible to return. A permanent or temporary transcript notation may be placed on the official University transcript. Conditions for readmission may be specified;
- l) Expulsion – permanent separation of the Student from the University. A permanent transcript notation may be placed on the official University transcript;
- m) An alert in the University’s admission and registration system; and
- n) Other appropriate sanction as determined by the Dir. of Student Affairs, Appeal Panel, or Appeal Board.

- 4.6.3 The decision will be communicated in writing to the Respondent by the Dir. of Student Affairs, with a copy to the Dean and, in the case of suspension, requirement to withdraw or transcript notation, to the Registrar. Facilities, Safety and Security will be notified in the case of exclusion from University property.
- 4.6.4 The decision of the Dir. Student Affairs may be appealed only as provided in this procedure.
